PROPHECY UPDATE:
"What About AI ?"
Page 5

IN THIS ISSUE

In this issue, we have three helpful, relevant articles, but I want to emphasize the prophecy update. We all know artificial intelligence has taken center stage on the nightly news, and most of what we are being told isn't good news. The doomsayers are having a field day with this and want us to believe that robots are going to take over the world and kill all of humanity. I think they've watched too many Terminator movies.

What does the Bible have to say about artificial intelligence? Will robots take over the world and kill all humans? In the Prophecy Update, I give you a biblical worldview that answers this question, and I promise, Christians have nothing to worry about.

Check it out.

FEATURE ARTICLE: "Fixing The Broken Mind"

WARNING: You are entering the "TRUTH ZONE". You may not like what you read. At times it may make you feel uncomfortable. That is not our goal. Our goal is to speak truth that will provide spiritual guidance for you and your family in a time of great spiritual darkness.

You can be sure that what you read here will be TRUTH!

In Romans chapter 5, we find the same thing repeated four times in eight verses.

Romans 5:12;15;17;19 KJV

12 Wherefore, as by one man sin entered into the world, and death by sin; **and so death passed upon all men....**

15 through the offence of one many be dead....

17 by one man's offence death reigned by one....

19 by one man's disobedience many were made sinners....

In this article, I want to look at one of the ways this death has affected us. The first thing that comes to mind is our immense propensity to sin! This is true, but instead of looking at that, I want to look at how our thinking was affected. Let's start by looking at how the fall affected Adam and Eve's thoughts.

Genesis 3:8 KJV

8 And they heard the voice of the LORD God walking in the garden in the cool of the day: and Adam and his wife hid themselves from the presence of the LORD....

Here we see Adam and Eve no longer wanting to have fellowship with God. Why? They now viewed God as a problem, and apparently, they were right because God proceeded to curse them and the ground they walked on. At least that is what we have always been taught and always believed. But did He curse them, or is the text saying that God simply told them the consequences of their actions? Why do we assume that he cursed them? Is it possible we are interpreting our Bible using a faulty filter (our minds) that causes us to view God wrongly?

What God did next ought to raise questions in our minds about what we have always believed, because the next thing God did was to remove the reason they gave for running from Him by providing them with clothing to cover their nakedness and protect them from the elements. He also made it

impossible for them to eat the fruit of the tree of life, which would have trapped them in human bodies for all eternity. The hope we have of someday being clothed with immortal spiritual bodies would have been lost forever.

So, what is my point? My point is that the fallen mind finds it so easy to view God as a supreme being who will shower us with blessings if we do what he wants, but in a heartbeat, turn on us and curse us if we do something that displeases Him. But is this right? Is this really an accurate picture of our God? I will let God's word answer that question.

James 3:10-11 TLB

10 And so blessing and cursing come pouring out of the same mouth. **Dear brothers, surely this is not right!**

11 Does a spring of water bubble out first with fresh water and then with bitter water?

This plainly reveals that God has been misrepresented by our fallen minds. Our fallen minds cause us to misinterpret God's word and therefore view God as being quick to curse those who disobey Him, despite the fact that His word plainly tells us that such is not the case. The prophet Nehemiah makes this abundantly clear.

Nehemiah 9:16-17 TLB

16 But our ancestors were a proud and stubborn lot, and they refused to listen to your commandments.

17 They refused to obey and didn't pay any attention to the miracles you did for them; instead, they rebelled and appointed a leader to take them back into slavery in Egypt! **But you are a God of forgiveness, always ready to pardon, gracious and merciful, slow to become angry, and full of love and mercy; you didn't abandon them...**

Come into agreement with what Nehemiah said about God, and....

Your life will be changed forever!

AND THAT MY FRIENDS IS THE TRUTH

A MINUTE WITH MISS LINDA

“The Joy Of The Lord”

“The joy of the Lord is my strength” is a well-known scripture that most people do not understand. It originated with the Jewish exiles returning from Babylonian captivity. Ezra read the Law to the

people, and they were deeply moved and sorrowful over their past disobedience. Then Nehemiah encouraged them not to grieve but to rejoice, saying, “This day is holy to our Lord. Do not grieve, for the joy of the Lord is your strength.” (Nehemiah 8:10)

But what about this do we not understand? Most of us have joy that comes and goes, depending on our current situation. If we get a promotion at work, we have joy. But what if we get laid off? Our job is not the only thing that is gone, our joy is also gone. This is not how the joy of the Lord works! We have the joy of things, not the joy of the Lord.

The joy of the Lord is different in that it does not depend upon circumstance or situation. It does not depend upon material possessions. It is an emotion that remains unchanged through the good times and the bad times. The joy of the Lord is not temporary,

but a lasting emotion of peace and happiness that gives us strength as we walk through difficult times.

So, how do we get this joy? Is the answer to this question a hidden secret that only a few can know? Do you need to be a mystic in order to obtain it? Have you ever heard of Kabbalah? Kabbalah is a mystical and esoteric tradition within Judaism that explores the hidden meanings of the Torah and the nature of God. However, the joy of the Lord is completely opposite to this. It is plain, simple, and easy to understand. Probably Psalm 28:7 shows us this better than any other verse in the Bible.

Psalm 28:7 Amplified Bible

The Lord is my strength and my [impenetrable] shield;

My heart trusts [with unwavering confidence] in Him, and I am helped;

Therefore my heart greatly rejoices,

And with my song I shall thank Him and praise Him.

The key to understanding this is contained in the first three words. **“The Lord is...”** That is the first question we need to ask ourselves. What is the Lord to me? Is He a far-away God with whom I have no relationship, or is he the closest and most meaningful thing in my life? The key to obtaining the joy of the Lord is the deep, intimate relationship you have with him. Jesus makes this very clear in his teaching.

"The Joy Of The Lord"
CONTINUED FROM PAGE 3

John 15:5;11 KJV

5 I am the vine, ye are the branches: He that abideth in me, and I in him, the same bringeth forth much fruit: for without me ye can do nothing.

11 These things have I spoken unto you, that my joy might remain in you, and that your joy might be full.

Once we understand the basic concept of living in intimate relationship with our Lord, and taking great joy in that relationship, then so many scriptures begin to take on new meaning.

Philippians 4:4 Amplified Bible

4 Rejoice in the Lord always **[delight, take pleasure in Him]**; again I will say, rejoice!

Galatians 5:22 Amplified Bible

22 But the fruit of the Spirit **[the result of His presence within us]** is love [unselfish concern for others], joy, [inner] peace, patience

As we develop this intimate relationship, he becomes bigger and more important in our lives than any material possession. When we encounter the loss of material possessions, it no longer seems so huge. Why? It is because we still have something far more important. We have our Lord, and because we have Him, we have the joy of the Lord.

The joy of the Lord is not something we

manufacture through positive thinking, nor is it the result of favorable circumstances. It is the natural fruit of knowing Him, trusting Him, and abiding in Him. When our greatest treasure is our relationship with Christ, then even the losses, disappointments, and trials of life cannot steal our joy, because they cannot take Him from us.

This is why Nehemiah could tell a broken and repentant people, "The joy of the Lord is your strength." Their strength was not found in their own resolve, their possessions, or their future prosperity. Their strength was found in the Lord Himself. The same is true for us today. As we draw near to Him each day, delight in His presence, and place our confidence in Him, His joy becomes our strength to endure every season of life.

May we learn to rejoice not merely in what God gives us, but in God Himself. For when the Lord is our greatest joy, we possess a strength that no circumstance can diminish and no trial can overcome.

P R O P H E C Y U P D A T E

"What About AI ?"

Most of us can remember the 1984 Terminator movie starring Arnold Schwarzenegger. The movie centers on a robot who time-travels from the year 2029 to 1984. His mission is to assassinate the mother of a man who, 45 years later, would save the world from a hostile artificial intelligence. If the robot could kill this man's mother, the man would never be born, and in 2029 AI robots would successfully eliminate all humanity. At the time, the movie seemed like nothing more than far-fetched science fiction, and yet today, in 2026, parts of it feel somewhat believable.

AI has become a reality, and many of us have already used it and found it helpful. But not a day goes by without us being confronted with the dangers it could bring, some of which are absolutely terrifying and could fit with what we read about the rise of the antichrist in Revelation 13. Let's take a look.

Revelation 13:3 KJV

3 And I saw one of his heads as it were wounded to death; and his deadly wound was healed: and all the world wondered after the beast.

We have always assumed that this wound would be caused by a gunshot, but verse 14 plainly says the wound was made by a "sword." The Greek word used here could also be translated as "knife" and could refer to a wound suffered during surgery when an attempt is made to connect his brain to a supercomputer. Also, consider how the world would react if such an attempt were successful.

Revelation 13:4 KJV

4and they worshipped the beast, saying, Who is like unto the beast? who is able to make war with him?

Next, I want to look at the word "power" in chapter 13. The English word "power" appears seven times in this chapter. What you may not

know is that the Greek text uses three different Greek words, all of which are translated as "power".

Those three are: Dunamis, Exousia, and Didomi. We all know that "Dunamis" refers to miracle-working power. Jesus said to his disciples, "You shall receive **power** (Dunamis) after that the Holy Ghost has come upon you." **The Bible also says that the antichrist will be able to work miracles.** (Revelation 13:13)

"Exousia" indicates he will have **superhuman capacity**. This probably refers to the reach of his authority, but it could also refer to his ability to retain digital data that, as of now, is only contained in the memory banks of AI computers. How will he get this ability? Studying the Greek word "Didomi" may give us an answer. According to Strong's Concordance, the Greek word "Didomi" can be applied in many different ways, one of which is: **"by implication, greatly modified by connection."** I find that very interesting. Connection to what, an AI computer?

It would be easy to overreact and claim all this will happen exactly as I have said. But we must not do this. These things will happen, but will they happen in the way I have said? Only time will tell. One thing I feel safe saying is that technology will play a role in the Antichrist's rise to power, and because we are living in a time when this technology exists, there is reason to believe that the end of this age is upon us.

However, this should not cause us to fear because before any of this happens, the trumpet of God will sound, and true believers around the globe will be caught up to meet their Lord in the air. This is the great Hope of the church, and we must never lose sight of it.

COME QUICKLY, LORD JESUS!
